About the Itinerary: The Eastern Caribbean is considered one of the most beautiful tropical spots in the world along with Tahiti and Hawaii. This itinerary offers history, great beaches, snorkeling, scuba diving, cascading waterfalls, thermal springs, hiking and great shopping.

Some of you have traveled with us and experienced In This Life's private tours. We will be offering a full range of tours for the group in each port and as usual beverages, snacks and some lunches will be included. We also like to make time for people to go to meetings at the stops if they choose and a complete directory of available meetings will be available at our hospitality desk onboard.
